

Coconut EXFOLIATOR

actifs exfoliants naturels

A natural exfoliant adapted to any formulations

A scrub easily used in any formulation types

Coconut Exfoliator is a well sieved powder obtained from the shell of the coconut. It is **very stable and adapted to any formulation type**, even those based on water. It can be used in cream, gel, paste, powders and bar soaps. According to the size of the particles, the **exfoliation process is more or less powerful**.

Une poudre exfoliante pour tous types de textures

Coconut Exfoliator se présente sous la forme d'une poudre finement calibrée obtenue à partir des coques de noix de coco. La poudre est d'une **grande stabilité et adaptée aux diverses textures, y compris celles riches en eau**. On l'utilise dans des crèmes, gels, pâtes, poudres et savons. Selon la taille des particules, **l'exfoliation est plus ou moins énergique**.

4 different grades

Coconut Exfoliator is available in different sizes so as to be integrated in various projects.

Selon le projet, Coconut Exfoliator est disponible sous différentes fractions granulométriques.
